EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The following changes have been made in the subject of the application to put the claims in a condition for allowance.

Authorization for this examiner's amendment was given in a telephone interview with Attorney Tum Thach on 10/25/07.

- *Canceled claims 19-20 and 22-23.*

REASONS FOR ALLOWANCE

The following is an Examiner's Statement of Reasons for Allowance:

The applicant's amendment filed 10/01/07 overcomes the technical deficiencies and the prior art rejection. Claims 1-4, 6-7, 9-12, 14-15, 17-18 and 24-27 are allowed because the prior art of record fails to suggest "a Trafton-Hastings clamp transistor connected to provide a collector current that indicates when said input currents that are responsible for creating said removable singularity are substantially equal; and a current mirror controlled by said Trafton-

Hastings clamp transistor to supply perturbation currents to said input transistors" as combined in claims 1, 11 and 24-26.

CONCLUSION

Any comments considered necessarily by applicant must be submitted no later than the payment of the Issue Fee and, to avoid processing delays, should preferably accompany the Issue Fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
